Address:

Michael was a seventh grade student at Hicksville Middle School when he was diagnosed with leukemia (A.L.L.) and passed away within months of being diagnosed. At thirteen Michael was a young man who loved life, his family and friends.. He was kind and compassionate, with a “zest” for life and a passion for lacrosse and music. Mike’s courage and strength were a source of inspiration to all who knew him. In his memory the Michael Magro Foundation was founded.

The foundation, established in January 2005 to honor the life of Michael, is a 503 (c) non-profit organization, pledging 100% of its profits.

The efforts of the foundation will be directed to families of children diagnosed with Cancer through the Cancer Center for Kids at Winthrop Hospital and to establish a scholarship fund through the Hicksville High School Scholarship program to a student who has achieved in both academics and sports.

To reduce financial hardship and help ease the emotional turmoil of children diagnosed with cancer, the foundation hopes to help defray the costs of travel and living expenses when travel away from home is necessitated for treatment. Travel and hotel expenses are significant when caring for a child away from home for weeks or months can be daunting to parents already faced with huge medical bills. Additionally, the foundation will help provide funds for transportation to chemotherapy and baby sitting expenses for families so that they can attend support group meetings or therapy. Our mission also includes providing gift cards to supermarkets, help with pharmacy co payments, and much more.

Gifts are tax deductible to the extent allowed by law.
