January 22, 2011

Dear Foundation Supporters:

Over the years your steadfast support and personal commitment to the Michael Magro Foundation helped hundreds of children and their families meet incredible challenges with dignity and hope. Since the doors we open and close each day decide the lives we live, we are expanding our outreach in 2011 and opening doors for cancer-afflicted children across the United States to return to school--after treatment--with strength, confidence and happy hearts.

As you know, the Foundation's fund raising activities help keep those doors open. Our trustees have already started to plan our annual events. I am asking you, as a cherished part of our community, to share in our efforts by contributing a prize or prizes to be raffled at our events.

If you have received one too many Lenox vases--or if you have **brand new, never-used gifts** from Holidays or birthdays past, please consider donating them to the Michael Magro Foundation.

Please complete the Donor Response Form and return it with your pledge.

Once again, thank you for being such a vital part of everything we do. We are extremely grateful for your support. Your generosity brings comfort and joy to our children and their families, and inspires us all.

Please help share our request with family and friends

Visit our website for updates and releases
